Push Rod Length Differences For
1996-2002 GM 3.4L VIN E & M Engines

AERA members are hereby advised of differences in push rod total length for 1996-2002 GM 3.4L VIN E & M engines. The push rods should be marked for location during disassembly to prevent confusion during reassembly.

The intake push rod, GM Part # 10166354 has a color yellow marking and measures 5.680" (144.18 mm) in total length. The exhaust push rod, GM Part #10166355 has a green marking and measures 6.000" (152.51 mm).

It should also be noted, after assembling the rocker arms and bolts for each location the mounting bolt should be torqued to 14 ft/lbs + 30 degrees.
